

IELTS Test Prep Certificate Program

- Intensive test prep practice on all four exam skills (listening, reading, writing and speaking)
- Passionate, dedicated, and dynamic TESOL certified instructors
- Small batch sizes and flexible start dates

Program Description

The IELTS Test is internationally recognized. Educational institutions and government agencies from over 120 countries trust the IELTS test as a valid indicator of ability to communicate in English. In countries such as Canada, Australia, the UK and the U.S., IELTS is the one test used for immigration purposes and is required for overseas professionals to work in these countries.

The IELTS Preparation Program is designed for non-native speakers who would like to take the IELTS Exam. Our program begins with an initial IELTS practice test to assess students' abilities. The instructor then focuses on meeting each student's individual needs throughout the course. Students will regularly practice the different components of the test, focus on specific modules of the exam in-depth (listening, speaking, reading and writing) and also learn test-taking strategies.

Program Length

60 hours (approximately 4-weeks of study)
